use over the next three years to help the community. Loneliness for the elderly is a top priority currently, as statistics show that over a million elderly people don't see anyone for over a month. Rodborough Parish Council ran an afternoon tea event to bring elderly residents together within the parish. Rachel Curley is working on setting up something similar for elderly residents in the Cainscross area.

- Highways Local– Cainscross will get £5k as Brian's allowance is split with Rodborough Parish, however this may change if the Lengthman's scheme ends as a sum of £10k would then be available. The Clerk reported that the Lengthman did a good job, however there were issues relating to the communication between them and the Parish Council, who weren't given notice of when they were coming and therefore some areas that required work had been missed.
- Councillor Miles asked if there was any news on the Tricorn House development. Brian stated that he understood that Nigel Rigler at County Council is still in talks with the developers regarding handing over some of the land and the potential for a retaining wall.

Councillor Miles asked if consideration could be given to purchasing some play equipment for disabled children with the community money.

Councillor Miles reported that;

- she had spent a day at the sheltered scheme at Sherbourne House in Stonehouse which is currently being refurbished. They are putting in new pathways to enable use of motorised scooters and parking outside the homes, new furniture and coloured zones to help people navigate the home.
- she attended a District Council budget meeting. The budget is being looked at by the Strategy and Resources team next week, and then will be presented to Full Council. The precept will be capped at a maximum increase of £5 per household.
- Gloucestershire is part of a central government pilot scheme, where the county will get 100% of the business rate taxes, where 50% will go to county, 30% to the police and the remaining 20% will be shared between the six districts.
- Planning regarding Avocet Business Park – Officers advised the Development Control Committee to turn down the application due to the industrial heritage being ignored and lack of social housing. At the last moment the developers came forward to negotiate and the application was therefore deferred until February when the amended plans will be submitted

Clerk suggested that some projects in the budget could be deferred until 2019/20 and the monies used for the Pavilion Project.

After due discussion it was agreed to defer these projects and to arrange a meeting with Will Clark (Project Manager) Councillors Barton, P Berry and the Clerk to move things forward.

Fund raising ideas were also discussed and it was agreed to mount a campaign in the next Four Wards. The Clerk is also in touch with the Football Foundation and other grant awarding bodies in the hope of obtaining some more grant funding.

FC11/18 To further consider electricity and CCTV to the QEII field in line with the budget

It was agreed to defer this until the next financial year.

Councillor Batten asked if anyone had been charged following the arson attack on the play boat, the Clerk confirmed that there was no further information from the police. He suggested that the council request under the Freedom of Information for a copy of the crime complaint.

Councillor P Berry suggested that the Clerk ask Stroud District Council, the Canal Trust, the Bowls Club and Police to make a contribution to the security of the field as anti-social behaviour is not being addressed. Councillor Barton advised Councillor P Berry that as the owners of the field, it would be the responsibility of the Parish Council only.

FC12/18 To receive a report following a meeting with The Door and consider future Youth provision within the Parish

The Administration Assistant gave a report following a meeting with the Door in November. There is currently one session a week at Cashes Green being held in the Scout hut, however an incident occurred where a door was damaged prior to Christmas. The current SLA expires on the 19th March and she reported that the SLA does not work in the Council's favour. A request had been made for a breakdown of the last invoice, however this request was refused and further negotiation will take place regarding the final invoice. A meeting is scheduled for the 22nd January with the Door.

After due discussion Councillor R Cordon proposed that the council do not enter into a new contract after the 19th March and the council look to set up a youth club once the new Pavilion is built. This was seconded by Councillor E Berry and carried with all in favour.

FC13/18 To note a parking survey being carried out at SDC car parks

Noted.

Councillor P Berry queried if this would affect the car park next to Victory Park. The Clerk confirmed this is a possibility but thought due to the size of the area it would not be advantageous for the District Council to fund parking metres.

FC14/18 To receive and note an update from the Cashes Green Community Land Trust

The Council had previously stated that they would not be attending any further meetings of the Trust, but felt the way the Council had been portrayed in their report was not accurate.
